

CARGADOR

THE VISION:

We want to build harmony with EV charging stations and our power grid. As we continue to scale and integrate as an industry, we hold a responsibility to protect our infrastructure. Furthermore, we have the utmost confidence we can achieve the 2030 greenhouse gas reduction by 40% leading into global Net Zero if we (humanity) work together.

HOUSE OF NEIGHBORLY SERVICE

LOVELAND, COLORADO is known internationally as a world-class arts community. We are also known as 'The Sweetheart City' in part due to the Loveland Chamber of Commerce's Valentine Re-mailing Program, which is the largest in the nation. The Chamber and the United States Postal Service have partnered for 75 years on the Valentine Re-mailing Program. We re-mail more than 100,000 cards each year from all 50 states and more than 110 countries. Visit Loveland.org/programs/valentine-re-mailing-program for more information on the Valentine Re-mailing Program.

The Loveland Chamber of Commerce oversees the Loveland a City with HeART™ program. Each fiberglass heart is five feet tall and four-and-a-half feet wide. Hearts are individually sponsored. Owners of these HeARTs name each piece and choose the artist whose work comes to life within the heart. Upon completion, the Loveland Chamber of Commerce will sponsor a revealing ceremony to promote and share the new HeART with our community.

To see a photo gallery online, go to Loveland.org and search "Loveland a City with Heart." Please use this map to visit each of the HeARTs while taking in the beauty of our city.

Pick up a copy of the HeART map at:
